The open-riser staircase leads to a bright flex area and four spacious bedrooms, including a primary suite with a walk-in closet and ensuite. Two of the additional bedrooms also feature walk-in closets. One of the standout features of this home is the sunny, four-season sunroomâ€"warm, bright, and welcoming. Located just off the kitchen, it

boasts soft flooring, cozy ambiance, insulated core roof and direct access to the backyard. Please note: the sunroom is not included in the home's square footage. The newly developed basement (with permits) adds even more functional space and includes a large furnace/utility room with a new hot water tank plus a separate large storage roomâ€"perfect for keeping your home organized and clutter-free. The backyard offers privacy with mature trees and features established garden beds, perfect for gardening enthusiasts.
